

LOVE YOUR STATION!

What you can do

- 1. Demonstrate.** Friday February 27th. Assemble City Hall from 3.45pm. March to station. Speeches and music.
- 2. Sign the on-line petition** to Transport Minister Geoff Hoon. Go to <http://www.petitiononline.com/rasc/petition.html>
- 3. Join the Facebook Group**, "Keep Sheffield Station open to the public"

East Midlands Trains are planning to go ahead with a scheme to install barriers at the front and back of Sheffield Station this March. Barriers will block a vital pedestrian route for our part of the city. The foot bridge is used by people working on either side of the station, residents, tram users, students at both Sheffield College and Hallam University and is crucial to the development of Sheaf Valley Park and the new Park Hill flats. The foot bridge is a well used walk-way and the only accessible route way for wheelchairs and buggies, into the city centre from this part of the city.

Please help us to stop the barriers.
